AGREEMENT

1. CERTAIN DEFINED TERMS AND RELATED INFORMATION

1.1 NFTs and Collectibles.

(a) “**NFTs**” means Binance Smart Chain-based tokens complying with the ERC-721 standard, ERC-1155 standard or other similar “non-fungible” token standard. NFTs are intended to be “non-fungible” tokens representing a unique Collectible; however, certain NFTs may be fungible with one another (i.e., all such NFTs are associated with the same Collectible Metadata) while being non-fungible with other NFTs (i.e., such NFTs are associated with different Collectible Metadata).

(b) Collectibles

(i) “**Collectible**” means the association on Binance Smart Chain of an NFT with a Uniform Resource Identifier (“**URI**”) identifying an appropriately configured JSON file conforming to the ERC-721 Metadata JSON Schema, ERC-1155 Metadata URI JSON Schema or a similar JSON schema, as applicable (such JSON file, the “**Collectible ID**”).

(ii) The Collectible ID of a Collectible specifies the properties of the Collectible, including the name and description of the Collectible (the “**Collectible Descriptors**”), a URI identifying any image file associated with the Collectible (the “**Collectible Image**”) and potentially other “metadata” associated with the Collectible (the Collectible Descriptors, Collectible Image and such other metadata, collectively, the “**Collectible Metadata**”). The Collectible Metadata for

Collectibles created through the NFTOBR Applications are typically stored on IPFS through an IPFS node operated by NFTOBR Company. The Collectible Metadata for Collectibles created outside the NFTOBR Applications may be stored in other ways, depending on how such Collectibles were created.

(iii) There can be no guarantee or assurance of the uniqueness, originality or quality of any Collectible or Collectible Metadata. In the absence of an express legal agreement between the creator of a Collectible and purchasers of the Collectible, there cannot be any guarantee or assurance that the purchase or holding of the Collectible confers any license to or ownership of the Collectible Metadata or other intellectual property associated with the Collectible or any other right or entitlement, notwithstanding that User may rightfully own or possess the NFT associated with the Collectible.

(iv) NFTOBR Company may from time to time remove certain Collectibles from the NFTOBR Apps or restrict the creation of Collectibles on the NFTOBR Apps in NFTOBR Company's sole and absolute discretion, including in connection with any belief by NFTOBR Company that such Collectible violates these Terms or the terms and conditions or privacy policy of the NFTOBR Apps. NFTOBR Company does not commit and shall not be liable for any failure to support, display or offer or continue to support, display or offer any Collectible for trading through the NFTOBR Apps.

1.2 “Binance Smart Chain” means the Binance Smart Chain mainnet and the consensus blockchain for such mainnet (networkID:1, chainID:1) as recognized by the official Go Binance Smart Chain Client, or, if applicable, the network and blockchain generally recognized as the legitimate successor thereto.

2. CERTAIN GENERAL TERMS

2.1 User Responsible for Accounts / Addresses. Users are responsible for all matters relating to their accounts (if any) on the NFTOBR Apps or the blockchain accounts or addresses through which they interact with the Offerings, and for ensuring that all uses thereof comply fully with these Terms. Users are responsible for protecting the confidentiality of their login information and passwords (if applicable) for the NFTOBR Apps or the private keys controlling the relevant blockchain accounts or addresses through which they interact with the Offerings.

2.2 NFTOBR May Discontinue Offerings. NFTOBR Company shall have the right at any time to change or discontinue any or all aspects or features of the Offerings.

2.3 NFTOBR May Deny Access to or Use of the Offerings. NFTOBR Company reserves the right to terminate a User's access to or use of any or all of the Offerings at any time, without or without notice, for violation of these Terms or for any other reason, or based on the discretion of NFTOBR Company. NFTOBR Company reserves the right at all times to disclose any information as it deems necessary to satisfy any applicable law, regulation, legal process or governmental request, or to edit, refuse to post or to remove any information or materials, in whole or in part, in NFTOBR's Company sole discretion. Collectibles or other materials uploaded to the Offerings may be subject to limitations on usage, reproduction and/or dissemination; Users are responsible for adhering to such limitations if you acquire a Collectible. Users must always use caution when giving out any

personally identifiable information through any of the Offerings. NFTOBR Company does not control or endorse the content, messages or information found in any Offerings and NFTOBR Company specifically disclaims any liability with regard to the Offerings and any actions resulting from any User's participation in any Offerings.

NFTOBR Company shall have the right, but not the obligation, to monitor the content of the Offerings, to determine compliance with this TOU and any operating rules established by NFTOBR Company and to satisfy any law, regulation or authorized government request. NFTOBR Company shall have the right in its sole discretion to edit, refuse to post or remove any material submitted to or posted through the Offerings. Without limiting the foregoing, NFTOBR Company shall have the right to remove any material that NFTOBR Company, in its sole discretion, finds to be in violation of the provisions hereof or otherwise objectionable

2.5 Copyright Notice. "NFTOBR" and its logos are trademarks of NFTOBR Company. All rights reserved. All other trademarks appearing in the Offerings are the property of their respective owners.

2.6 Privacy Policy. To access the Offerings, a User must explicitly consent to NFTOBR Company's privacy and data security practices, which can be found by visiting our privacy policy at <https://NFTOBR.com/privacy>.

3. THE NFTOBR DEX SYSTEM AND NFTOBR APPS

3.1 Nature of NFTOBR DEX System. The NFTOBR DEX System is a public software utility deployed on Binance Smart Chain, which is accessible directly through any Binance Smart Chain node or indirectly through any compatible Binance Smart Chain "wallet" application which interacts with such a node. Through the NFTOBR DEX System, any person may create, buy, sell and transfer Collectibles.

3.2 Relationship of NFTOBR DEX System and NFTOBR Apps. Interacting with the NFTOBR DEX System does not require use of the NFTOBR Apps, but the NFTOBR Apps provide a potentially more convenient and user-friendly method of reading and displaying data (including Collectible Metadata) from the NFTOBR DEX System and generating standard transaction messages compatible with the NFTOBR DEX System. Interacting with the NFTOBR DEX System through the NFTOBR Apps requires use of an independent, User-operated Binance Smart Chain wallet application through which the user may broadcast the transaction message to Binance Smart Chain for processing by Binance Smart Chain nodes. The NFTOBR Apps may be used to generate standard transaction messages for interacting with the NFTOBR DEX System and transmitting those messages to the wallet application. Through the wallet application, a User may broadcast the transaction message to Binance Smart Chain for processing by Binance Smart Chain nodes. Assuming normal operation of the wallet and the relevant Binance Smart Chain nodes, the Binance Smart Chain nodes should utilize such transaction messages to make function calls against the relevant bytecode and ultimately include the results of such computations in an Binance Smart Chain transaction block, thus effectuating an interaction with the NFTOBR DEX System.

3.3 License to Use the NFTOBR Platform. Each User, subject to and conditioned upon such User's acceptance of and adherence to these Terms, is hereby granted a nontransferable, personal, non-sub- licensable license to use the NFTOBR DEX System and NFTOBR Apps for their intended purposes.

3.4 Alterations to NFTOBR DEX System. NFTOBR Company may from time to time alter the list of smart contracts which are included in the NFTOBR DEX System by adding or removing bytecode addresses from the official list of smart contracts supported by the NFTOBR Apps, including pursuant to upgrades, forks, security incident responses or chain migrations. In the event any bytecode is removed from the NFTOBR DEX System, users would no longer be able to interact with or read the data that is associated such bytecode through the NFTOBR Apps. It is intended (though cannot be guaranteed) that Users would continue to be able to interact with such bytecode directly through any Binance Smart Chain node or indirectly through any compatible Binance Smart Chain wallet application, but such interactions may require technical expertise beyond those of most Users.

3.5 Content. All content on the NFTOBR Platform is created by Users. NFTOBR Company makes no representations or warranties as to the quality, origin, or ownership of any content found in the Offerings. NFTOBR Company shall not be liable for any errors, misrepresentations, or omissions in, of, and about, the content, nor for the availability of the content. NFTOBR Company shall not be liable for any losses, injuries, or damages from the purchase, inability to purchase, display, or use of content.

3.6 DMCA Notices for Claims of Copyright Infringement.

(a) Takedown Requests. NFTOBR Company will respond to notices of alleged copyright infringement under the United States Digital Millennium Copyright Act. If a User or other person believes that their intellectual property rights have been infringed, please notify us immediately. For NFTOBR Company to respond, the complaint must provide the following information:

(i) a physical or electronic signature of the copyright owner or of a person authorized to act on behalf of the copyright owner;

(ii) a clear identification of the copyrighted work that is claimed to be

(iii) identification of the online material that is claimed to be infringing,

infringing;

including, if possible, a URL representing a link to the material on the NFTOBR website;

(iv) information sufficient to permit NFTOBR Company to contact the complainant, such as email address, physical address, and/or telephone number;

(v) a statement that the complainant has a good-faith belief that the relevant material is being used in a way that is not authorized by the copyright owner, its agent, or under the law; and

(vi) a statement, made under penalty of perjury, that the above information is accurate, and the complainant is the copyright owner or is authorized to act on behalf of the copyright owner.

(b) Submission of Takedown Requests. Users may submit their takedown requests using the following contact information:

Email: NFTOBR@pm.me

(c) DMCA Counter-Notices. If a User believes that a User's material has been removed by mistake or misidentification, the User may provide NFTOBR Company with a written counter-notification containing the following information:

- (i) the User's name, address, telephone number, and email address;
- (ii) a description of the material that was removed, along with the URL where

the content was posted in the Offerings prior to its removal;

(iii) the following statement: "I swear, UNDER PENALTY OF PERJURY, that I have a good-faith belief that the material was removed or disabled due to a mistake or misidentification of the material to be removed or disabled";

(iv) a statement that the User consents to the jurisdiction of the Federal District Court for the judicial district in which your address is located, or if the User's address is outside of the United States, any jurisdiction in which the User may be properly served, and that the User will accept service of process from the person (or their agent) who filed the original DMCA notice; and

(v) the User's electronic or physical signature.

Upon receipt of a valid counter notification, NFTOBR Company will forward it to the party who submitted the original DMCA notification. The original party (or their representative) will then have ten (10) days to notify us that he or she has filed legal action relating to the allegedly infringing material. If NFTOBR

Company does not receive any such notification within 10 days, NFTOBR Company may restore the material to the Offerings.

(d) Repeat Infringers. NFTOBR Company reserves the right to terminate the accounts or block usage of the Offerings of any party who is a repeat infringer or who is repeatedly charged with infringement.

4. FEES, COMMISSIONS, ROYALTIES AND OTHER CHARGES]

4.1 Fees. Creating, buying, selling or transferring Collectibles may be subject to fees, commissions, royalties and other charges ("**Fees**") established from time to time in the sole discretion of NFTOBR Company, a Collectible creator or participants in the Binance Smart Chain ecosystem. On the date of initial publication of these Terms, Fees include: (a) service fees established by and payable to NFTOBR Company; (b) commissions on secondary sales of Collectibles, established by and payable to the creators of such Collectibles; and (c)

“gas” (fees paid to Binance Smart Chain miners in BNB through Users’ independent wallet applications as consideration for mining the Users’ transactions). Service fees may be adjusted from time to time in the sole discretion of NFTOBR Company. Commissions are set in the sole discretion of the Collectible creator and may range from 0% to 100%; in the event that a User acquires a Collectible with a 100% commission, the User will be unable to collect any proceeds of a sale of that Collectible on the NFTOBR Platform. “Gas” fees are set by the User through the User’s independent Binance Smart Chain wallet application, based on the market conditions on Binance Smart Chain.

4.2 Forms of Payment. Fees may be paid or payable solely in the manner determined in the sole discretion of NFTOBR Company. On the date of initial publication of these Terms, all Fees must be paid in BNB.

4.3 Finality; No Refunds. All transactions involving the Offering are final. All Fees relating are non-refundable except at the sole discretion of NFTOBR Company (for service fees and other fees within its control) or applicable third parties (Collectibles creators, Binance Smart Chain miners, etc.).

7. SUPPLY, ALLOCATION AND DISTRIBUTION OF NFTOBR

7.1 NFTOBR Supply. The total number of NFTOBR is fixed at 50,000 NFTOBR (the “*TotalSupply*”).

7.2 Overview of NFTOBR Allocation and Distribution.

(a) NFTOBR Company has published its intention to allocate the TotalSupply as follows:

(i) 20% of the TotalSupply will be allocated to NFTOBR Company’s affiliates, founders, employees and other personnel (including grant recipients or technology development (sub-)contractors, marketing if applicable) and equity investors;

(ii) 30% of the TotalSupply will be allocated to *Artwork companie*

(iii) 50% of the TotalSupply will remain in the JustLiquidity Protocol

(b) All questions concerning the interpretation and implementation of such allocation principles and the eligibility of a given person to receive NFTOBR or the specific amount of NFTOBR to be received by an eligible person out of the ReserveSupply, AirdropSupply, MiningSupply or otherwise, as applicable, shall be determined: (i) during the Signaling Era, in the sole and absolute discretion of NFTOBR Company or a special purpose vehicle or foundation established by the NFTOBR Company to hold NFTOBR; and (ii) during the Autonomous Era, by the NFTOBR DAO.

8. REPRESENTATIONS AND WARRANTIES OF NFTOBR RECIPIENTS

Each User hereby represents and warrants to NFTOBR Company that the following statements and information are accurate and complete at all relevant times. In the event that any such statement or information becomes untrue as to a User, User shall immediately divest and cease using all NFTOBR and cease accessing and using all other Offerings.

8.1 Status. If User is an individual, User is of legal age in the jurisdiction in which User resides (and in any event is older than thirteen years of age) and is of sound mind. If User is a business entity, User is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is organized, and has all requisite power and authority for a business entity of its type to carry on its business as now conducted.

8.2 Power and Authority. User has all requisite capacity, power and authority to accept the terms and conditions of these Terms and to carry out and perform its obligations under these Terms. These Terms constitutes a legal, valid and binding obligation of User enforceable against User in accordance with its terms.

8.3 No Conflict; Compliance with law. User agreeing to these Term and buying, selling holding, using or receiving NFTOBR does not constitute, and would not reasonably be expected to result in (with or without notice, lapse of time, or both) a breach, default, contravention or violation of any law applicable to User, or contract or agreement to which User is a party or by which User is bound.

8.4 Absence of Sanctions. User is not, (and, if User is an entity, User is not owned or controlled by any other person who is), and is not acting on behalf of any other person who is, identified on any list of prohibited parties under any law or by any nation or government, state or other political subdivision thereof, any entity exercising legislative, judicial or administrative functions of or pertaining to government such as the lists maintained by the United Nations Security Council, the U.S. government (including the U.S. Treasury Department's Specially Designated Nationals list and Foreign Sanctions Evaders list), the European Union (EU) or its member states, and the government of a User home country. User is not, (and, if User is an entity, User is not owned or controlled by any other person who is), and is not acting on behalf of any other person who is, located, ordinarily resident, organized, established, or domiciled in Cuba, Iran, North Korea, Sudan, Syria, the Crimea region (including Sevastopol) or any other country or jurisdiction against which the U.S. maintains economic sanctions or an arms embargo. The tokens or other funds a User use to participate in the NFTOBR Platform or acquire Collectibles or NFTOBR are not derived from, and do not otherwise represent the proceeds of, any activities done in violation or contravention of any law.

8.5 No Claim, Loan, Ownership Interest or Investment Purpose. User understands and agrees that the User's purchase, sale, holding, receipt and use of NFTOBR and the other Offerings does not:

(a) represent or constitute a loan or a contribution of capital to, or other investment in NFTOBR Company or any business or venture; (b) provide User with any ownership interest, equity, security, or right to or interest in the assets, rights, properties, revenues or profits of, or voting rights whatsoever in, NFTOBR Company or any other business or venture; and (c) create or imply or entitle User to the benefits of any fiduciary or other agency relationship between NFTOBR Company or any of its directors, officers, employees, agents or affiliates,

on the one hand, and User, on the other hand. User is not entering into these Terms or buying, selling, holding receiving or using NFTOBR for the purpose of making an investment with respect to NFTOBR Company or its securities, but solely wishes to use the NFTOBR Platform for its intended purposes and participate in the NFTOBR DAO in order to participate in the protection and improvement of the use and enjoyment of the NFTOBR Platform for such purposes. User understands and agrees that NFTOBR Company will not accept or take custody over any Collectibles, NFTOBR, cryptocurrencies or other assets of User and has no responsibility or control over the foregoing.

8.6 Non-Reliance. User is knowledgeable, experienced and sophisticated in using and evaluating blockchain and related technologies and assets, including Binance Smart Chain, NFTs, Collectibles and “smart contracts” (bytecode deployed to Binance Smart Chain or another blockchain). User has conducted its own thorough independent investigation and analysis of the NFTOBR Platform, NFTOBR and the other matters contemplated by these Terms, and has not relied upon any information, statement, omission, representation or warranty, express or implied, written or oral, made by or on behalf of NFTOBR Company in connection therewith, except as expressly set forth by NFTOBR Company in these Terms.

9. RISKS, DISCLAIMERS AND LIMITATIONS OF LIABILITY.

9.1 No Consequential, Incidental or Punitive Damages. Notwithstanding anything to the contrary contained in these Terms, NFTOBR Company shall not be liable to any person, whether in contract, tort (including pursuant to any cause of action alleging negligence), warranty or otherwise, for special, incidental, consequential, indirect, punitive or exemplary damages (including but not limited to lost data, lost profits or savings, loss of business or other economic loss) arising out of or related to these Terms, whether or not NFTOBR Company has been advised or knew of the possibility of such damages, and regardless of the nature of the cause of action or theory asserted.

9.2 Limitation of Liability. NFTOBR Company’s liability for damages to each User shall in all cases be limited to, and under no circumstances shall exceed, NFTOBR Company’s service fees actually received by NFTOBR Company from such User.

9.3 Disclaimer of Representations. The Offerings are being provided on an “AS IS” and “AS AVAILABLE” basis. To the fullest extent permitted by law, NFTOBR Company is not making, and hereby disclaims, any and all information, statements, omissions, representations and warranties, express or implied, written or oral, equitable, legal or statutory, in connection with the Offerings and the other matters contemplated by these Terms, including any representations or warranties of title, non-infringement, merchantability, usage, security, uptime, reliability, suitability or fitness for any particular purpose, workmanship or technical quality of any code or software used in or relating to the Offerings. User acknowledges and agrees that use of the Offerings is at the User’s own risk.

9.4 No Responsibility for Collectibles; No Guarantee of Uniqueness or IP. NFTOBR Company has no responsibility for the Collectibles created or traded by Users on the NFTOBR Platform. NFTOBR Company does not investigate and cannot guarantee or warrant the authenticity, originality, uniqueness, marketability, legality or value of any Collectible created or traded by Users on the NFTOBR Platform.

9.5 No Professional Advice or Liability. All information provided by or on behalf of NFTOBR Company is for informational purposes only and should not be construed as professional, accounting or legal advice. Users should not take or refrain from taking any action in reliance on any information contained in these Terms or provided by or on behalf of NFTOBR Company. Before Users make any financial, legal, or other decisions involving the Offerings, Users should seek independent professional advice from persons licensed and qualified in the area for which such advice would be appropriate.

9.6 Limited Survival Period for Claims. Any claim or cause of action a User may have or acquire in connection with the Offerings or any of the other matters contemplated by these Terms shall survive for the shorter of, and may be brought against NFTOBR Company solely prior to: (a) the expiration of the statute of limitations applicable thereto; and (b) the date that is six months after the date on which the facts and circumstances giving rise to such claim or cause of action first arose.

9.7 Third-Party Offerings and Content. References, links or referrals to or connections with or reliance on third-party resources, products, services or content, including smart contracts developed or operated by third parties, may be provided to Users in connection with the Offerings. In addition, third parties may offer promotions related to the Offerings. NFTOBR Company does not endorse or assume any responsibility for any activities of or resources, products, services, content or promotions owned, controlled, operated or sponsored by third parties. If Users access any such resources, products, services or content or participate in any such promotions, Users do so solely at their own risk. Each User hereby expressly waives and releases NFTOBR Company from all liability arising from User's use of any such resources, products, services or content or participation in any such promotions. User further acknowledges and agrees that NFTOBR Company shall not be responsible or liable, directly or indirectly, for any damage or loss caused or alleged to be caused by or in connection with use of or reliance on any such resources, products, services, content or promotions from third parties.

9.8 Certain Uses and Risks of Blockchain Technology.

(a) Use of Blockchain Technology. NFTOBR Company utilizes experimental cryptographic technologies and blockchain technologies, including tokens, cryptocurrencies, stablecoins, "smart contracts," consensus algorithms, voting systems and distributed, decentralized or peer-to-peer networks or systems in performing the Offerings. Each User acknowledges and agrees that such technologies are novel, experimental, and speculative, and that therefore there is significant uncertainty regarding the operation and effects and risks thereof and the application of existing law thereto.

(b) Certain Risks of Blockchain Technology. The technology utilized in delivering the Offerings depends on public peer-to-peer networks such as Binance Smart Chain that are not under the control or influence of NFTOBR Company and are subject to many risks and uncertainties. Such technologies include the NFTOBR DEX System, which NFTOBR Company may have limited or no ability to change, other than ceasing to support certain "smart contracts" and adding support for new "smart contracts". Users are solely responsible for the safekeeping of the private key associated with the blockchain address used to

participate in the Offerings. NFTOBR Company will not be able to restore or issue any refund in respect of any Collectibles or NFTOBR due to lost private keys. If a User are not able to spend or use a Collectible or NFTOBR due to loss or theft of the corresponding private key or otherwise, a User will be unable to exercise their rights with respect to such Collectible or NFTOBR.

(c) Certain Risks of Smart Contract Technology. Collectibles, NFTOBR and other digital assets relevant to the NFTOBR Platform depend on the NFTOBR DEX System or other smart contracts deployed to Binance Smart Chain, some of which may be coded or deployed by persons other than NFTOBR Company. Once deployed to Binance Smart Chain, the code of smart contracts, including the NFTOBR DEX System, cannot be modified. In the event that the NFTOBR DEX System or other smart contracts are adversely affected by malfunctions, bugs, defects, malfunctions, hacking, theft, attacks, negligent coding or design choices, or changes to the protocol rules of Binance Smart Chain, Users may be exposed to a risk of total loss and forfeiture of all Collectibles, NFTOBR and other relevant digital assets. NFTOBR Company assumes no liability or responsibility for any of the foregoing matters, except as otherwise expressly provided by these Terms or required by applicable law.

(d) Asset Prices. The fiat-denominated prices and value in public markets of assets such as BNB, NFTs, Collectibles and NFTOBR have historically been subject to dramatic fluctuations and are highly volatile. As relatively new products and technologies, blockchain-based assets are not widely accepted as a means of payment for goods and services. A significant portion of demand for these assets is generated by speculators and investors seeking to profit from the short- or long-term holding of blockchain assets. The market value of any BNB, NFT, Collectible or NFTOBR may decline below the price for which a User acquires such asset through the NFTOBR Platform or on any other platform. User acknowledges and agrees that the costs and speeds of transacting with cryptographic and blockchain-based systems such as Binance Smart Chain are variable and may increase or decrease dramatically at any time, resulting in prolonged inability to access or use any BNB, NFTs, Collectibles, NFTOBR or other digital assets associated with the NFTOBR Platform.

(e) Regulatory Uncertainty. Blockchain technologies and digital assets are subject to many legal and regulatory uncertainties, and the NFTOBR Platform, NFTs, Collectibles and NFTOBR could be adversely impacted by one or more regulatory or legal inquiries, actions, suits, investigations, claims, fines or judgments, which could impede or limit the ability of User to continue the use and enjoyment of such assets and technologies.

(f) Cryptography Risks. Cryptography is a progressing field. Advances in code cracking or technical advances such as the development of quantum computers may present risks to Binance Smart Chain, the NFTOBR Platform, NFTs, Collectibles and NFTOBR, including the theft, loss or inaccessibility thereof.

(g) Fork Handling. Binance Smart Chain, the NFTOBR DEX System, the NFTs, the Collectibles and NFTOBR may be subject to “forks.” Forks occur when some or all persons running the software clients for a particular blockchain system adopt a new client or a new version of an existing client that: (i) changes the protocol rules in backwards-compatible or backwards-incompatible manner that affects which transactions can be added into later blocks, how later blocks are added to the blockchain, or other matters relating to the future

operation of the protocol; or (ii) reorganizes or changes past blocks to alter the history of the blockchain. Some forks are “contentious” and thus may result in two or more persistent alternative versions of the protocol or blockchain, either of which may be viewed as or claimed to be the legitimate or genuine continuation of the original. NFTOBR Company may not be able to anticipate, control or influence the occurrence or outcome of forks, and does not assume any risk, liability or obligation in connection therewith. Without limiting the generality of the foregoing, NFTOBR Company does not assume any responsibility to notify a User of pending, threatened or completed forks. NFTOBR Company will respond to any forks as NFTOBR Company determines in its sole and absolute discretion, and NFTOBR Company shall not have any duty or obligation or liability to a User if such response (or lack of such response) acts to a User detriment. Without limiting the generality of the foregoing, NFTOBR Company’s possible and permissible responses to a fork may include: (i) honoring the NFTOBR DEX System, Collectibles, NFTs and NFTOBR on both chains; (ii) honoring the NFTOBR DEX System, Collectibles, NFTs and NFTOBR on only one of the chains; (iii) honoring the NFTOBR DEX System, Collectibles, NFTs and NFTOBR in different respects or to a different extent on both chains; or (iv) any other response or policy or procedure, as determined by NFTOBR Company in its sole and absolute discretion. NFTOBR Company reserves the right to only allow one NFT to be associated with the relevant metadata forming the Collectible, notwithstanding that copies of such NFT may exist on both chains following a fork. A User assume full responsibility to independently remain apprised of and informed about possible forks, and to manage a User own interests in connection therewith.

(h) Essential Third-Party Software Dependencies. The NFTOBR DEX System and other smart contracts deployed to Binance Smart Chain are public software utilities which are accessible directly through any Binance Smart Chain node (such as Infura) or indirectly through any compatible Binance Smart Chain “wallet” application (such as the web browser plugin Metamask) which interacts with such a node. Interacting with the NFTOBR DEX System does not require use of the NFTOBR Apps, but the NFTOBR Apps provide a convenient and user- friendly method of reading and displaying data (including Collectible Metadata) from the NFTOBR DEX System and generating standard transaction messages compatible with the NFTOBR DEX System Because the NFTOBR Platform does not provide Binance Smart Chain wallet software or Binance Smart Chain nodes, such software constitutes an essential third-party or user dependency without which the NFTOBR Platform cannot be utilized and NFTs, Collectibles, NFTOBR and other relevant digital assets cannot be traded or used. Furthermore, Collectible Descriptors defining the art and text associated with a Collectible must be stored off of Binance Smart Chain. Collectibles created on NFTOBR have their Collectible Descriptors stored on the IPFS system through an IPFS node operated by NFTOBR Company, but NFTOBR Company cannot guarantee continued operation of such IPFS node or the integrity and persistence of data on IPFS.

In the event that, as a result of the application of the immediately preceding sentence or otherwise, any Dispute is not subject to arbitration, the parties hereby agree to submit to the personal and exclusive jurisdiction of and venue in the federal and state courts located in Wilmington, Delaware and to accept service of process by mail with respect to such Dispute, and hereby waive any and all jurisdictional and venue defenses otherwise available with respect to such Dispute.
